Benjamin Surmi MODERATOR

Benjamin Surmi, MSG

Social Gerontologist & <u>Director of Education & Culture for **Koelsch**</u>

I design experiences to inspire humans to partner for a common purpose.

At Koelsch, I support 2,200 team members as they serve 1,200 elders.

Peter Bewert, RN

Managing Director / CEO of **Meaningful Care Matters**

meaningfulcarematters.com

- Development of an online community engagement platform, *Meaningful* Connections Community
- Rebranding *Dementia Care Matters* as **Meaningful Care Matters**, including the reformation of the **Butterfly Approach**

- Undertaking the **first international**Butterfly Approach in **an acute hospital**
- Implementing a person-centered coaching model to increase capabilities and resilience among leaders, organizations, and team members

Franck De Vivie

Institute Gineste-Marescotti International

www.humanitude.fr

- Redefining values and strategy for the Humanitude team
- Empowered Director of home for people living with disabilities to engage team members in constructive dialogue

Implementing Humanitude in every ward of the Koo Tech Puat Hospital in Singapore
Consulting with a group of French nursing homes which faced 117 days of a strike by heatlhcare professionals, redefining their practices by Humanitude

Wendy Weidner

Research and Policy Lead **Alzheimer's Disease International**

- Designed monthly sessions for admiral nurses, empowering them to teach one another in a peer-to-peer model regarding complex dementia-related situations.
- Trained volunteers in reminsicence techniques. Outcome = elders "giving"vs "accepting care"

- Accreditation of international dementia training programs. Training trainers across across Asia first. Focus = sustainable, scalable, culturally relevant.
- Cogniscance Project in Australia, Canada, UK, Netherlands, and Poland. Set of standards and tool kit for primary care providers when giving a diagnosis of dementia.

Stephan Biel

Consultant and Trainer **Stephan Biel Consulting**

- Drafted the **Dependency Assessment** for new Spanish law, *Law of Personal Autonomy and People in a Dependency Situation.*
- **-** Developed **alarm system** for urinary and fecal **incontinence**, *Drym*

- Co-create **age-friendly environments**, services, and products with **the TrajeMax** (Modular Aging and Empathy Simulation Suit)
- Co-development of **BeyondEmpathy**, making person-centered care **practical**.

Walter Coffey

Walter Coffey

Managing Partner **WD International Consulting**

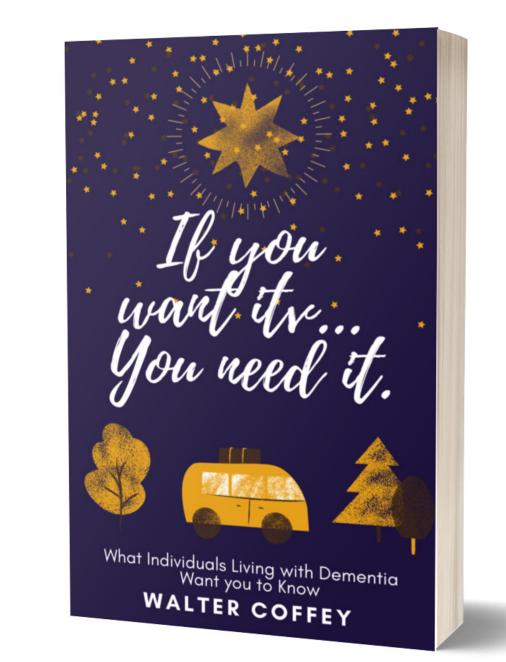

3 Essentials

- 1 Would I live where I work?
- Would I be able to maintain my daily routines?
- Would I do the things that bring meaning to my life?
- 4 I want meaningful engagement not just casual friendships
- I want to minimize the medical focus on the body, and optimize nurturing the spirit

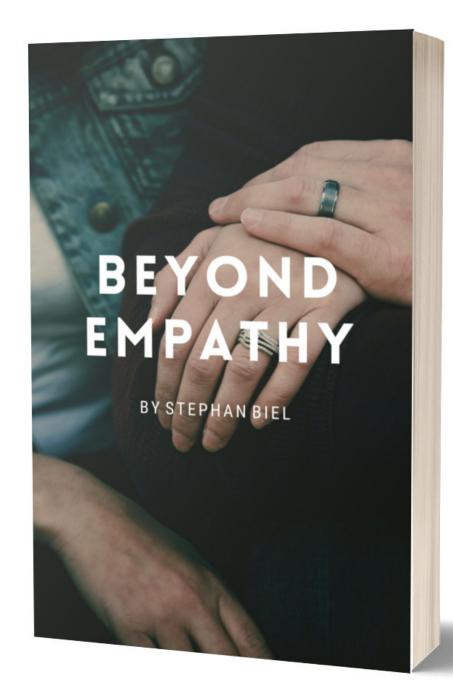

WENDY WEIDNER

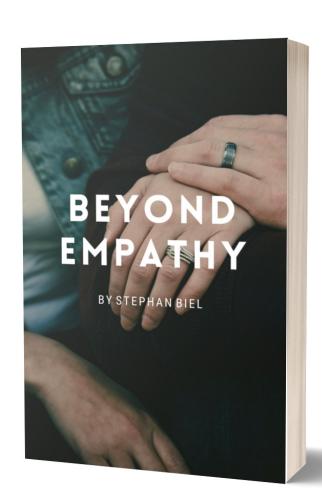

RAINBOW GUIDE TO DEMENTIA CARE

A book on dementia and diversity.

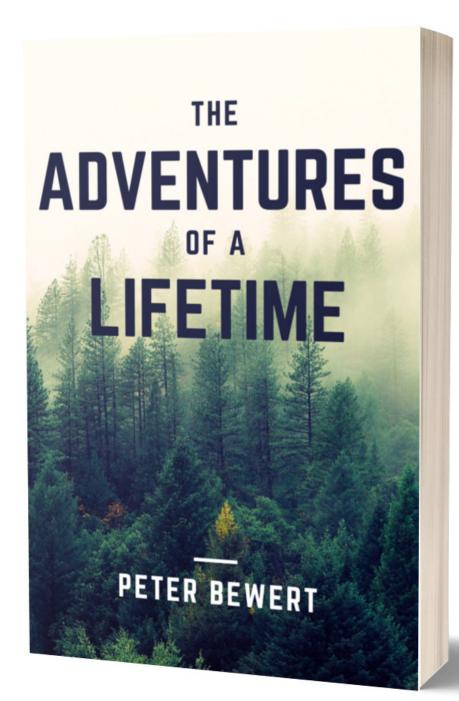

WENDY WEIDNER THE RAINBOW GUIDE TO DEMENTIA CARE A book on dementia and diversity.

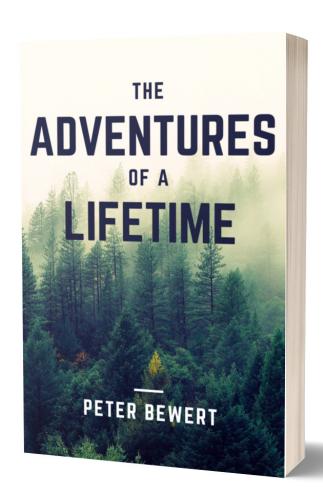

- 1 Sex and gender in dementia: How empowering women can improve healthcare
- Diversity: Respecting spiritual, sexual, and cultural identity
- 3 Intellectual disability and dementia care

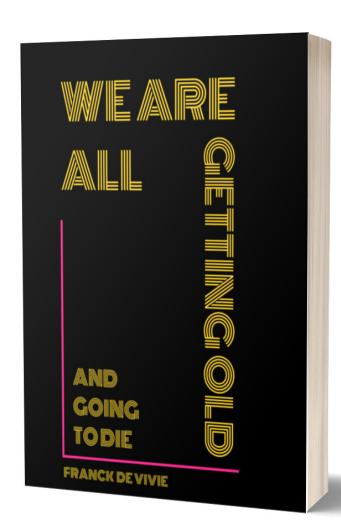

- 1 If you want different results, don't always do the same thing.
- 2 If you want to be treated as a being, treat others as the same.
- Give an example that aging is in your hands, and the hands will help you to connect.

- 1 A hope and a future
- 2 The thrill of adventure
- 3 Never give up

WEARE AND GOING TODIE FRANCK DEVIVIE

- 1 From the cradle to the grave
- 2 From first words to the loss of speech
- From self-affirmation to the loss of will
