OUR CONFERENCE AUDIENCE

The Pioneer Network annual conference is the **largest national gathering** of individuals committed to implementing organizational culture change and person-directed care for Elders and persons living with disabilities. This one-of-a-kind event brings together **700 to 1,000 people from across the aging services spectrum** including providers of **skilled nursing, assisted living and home and community services**. Our participants include a wide range of individuals, from the **C-suite and board members**, to **staff from all disciplines**, to **elders and their care partners, consumer advocates, local, state and federal government agencies, academics** and more.

Our attendees are eager to engage with you and to learn about the products and services you offer that can help them on their culture change journey! Our past attendees reported the following in a post-conference survey:

96%
 of respondents
 visited with
 exhibitors

55%
 reported that they will
 purchase products or
 services from exhibitors,
 or already did on site

“ Pioneer Network’s Conference is a truly exhilarating experience for participants, speakers and vendors alike.
 To have such deeply passionate people come together to share ideas, wisdom and knowledge is simply invigorating! ... As a vendor, we were included as valuable participants in the conference, and it really gave us a valuable opportunity to have quality conversations with stakeholders, decision makers, and conference attendees that we would not have connected with if we did not have an exhibit space ... We look forward with enthusiasm to next year’s conference in Louisville and to working with the fantastic team at Pioneer Network.”
 Pam Brandon
 President/Founder, AGE-u-cate

AREAS AND STATES REPRESENTED
 In 2018 people from 42 states plus Canada, Australia, Taiwan, Spain, South Africa and China attended the conference.
